DCL Increases Clamshell Packaging Capacity

FREMONT, CA. – June 21, 2004 - DCL, www.dclcorp.com, an ISO 9001:2000 certified provider of packaging and distribution services, announced today they have doubled their clamshell packaging capacity. "Rapid sales growth in the compact media and accessories markets has allowed us to continue expansion of our clamshell facility," said Norman Tu, CEO of DCL. "We are seeing strong demand for local packaging to meet time-to-market as well as customer-specific assembly and labeling requirements. With our new expansion, DCL can package and ship up to 100,000 units per day depending on package size."

About DCL:

Founded in 1984, DCL has emerged as a leading provider of next-generation Supply Chain Services. More than a logistics company, DCL is a trusted business partner who reduces operating costs and improves end-customer service via a full menu of business to business solutions including order entry/processing, call centers, webstores, warehousing, final assembly, fulfillment, and returns management. DCL's advanced IT infrastructure is Internet-enabled for complete integration with enterprise-level business systems. DCL currently serves some of the best-known names in the high-tech and healthcare fields.
